THE NEW **AMI** MODEL **K** REIGNS SUPREME WITH GOLDEN VALUE FEATURES

AMi  
 AUXILIARY  
 EQUIPMENT  
 HELPS EARN

MORE PLAY  
 ON ANY  
 LOCATION

**AMi HIDEAWAY UNIT**

For locations that just can't accommodate a jukebox. Fits into any out-of-the-way space, and offers full 200 selections in either monophonic or stereo.

**AMi WALL BOX**

Use with the hideaway unit or jukebox to promote extra play from remote table and booth locations. 200 selection capacity; choice of 4-coin or 3-coin rejectors.

**AMi BAR GRIP**

Use for attaching wall box to bar or counter top. Attaching clamps will not mar surfaces. Highly polished finish.

**New AMi WALL SPEAKER**

Compact, easy to mount on walls, columns, or in corners. New cylindrical baffle design produces full, rich sound with wide angle dispersion.

**New AMi CEILING SPEAKER**

8 inch extended range speaker is available with choice of three grilles: 12" sq. with random perforations, 12" sq. with uniform perforations, and round flush mount for ceiling construction other than acoustical tile.

**AMi REMOTE VOLUME CONTROL**

Convenient volume and cancel control in compact new design. Deep brown finish with chrome volume knob.
