# ROCK-OLA

## Rocket SPECIFICATIONS

**HEIGHT:** 58 $\frac{3}{4}$ "      **WIDTH:** 29 $\frac{1}{2}$ "      **DEPTH:** 27 $\frac{1}{2}$ "

**WEIGHT:** 362 lbs.      **WEIGHT CRATED FOR SHIPMENT:** 425 lbs.

<b>CABINET FINISH:</b>	Grained Blonde.
<b>CONSTRUCTION:</b>	Wood cabinet, counter-balanced steel door, with dual skid-type, chrome trimmed base.
<b>SOUND SYSTEM:</b>	Compact Rocket amplifier has receptacle wired for remote volume control plug-in. A 500 ohm line output for auxiliary speakers. Base compensated volume control—individual three point treble control and three point base control.
<b>TONE ARM:</b>	Dual matched-cartridge tone arm. Cartridges not affected by high temperatures or humidity. Operating pressure of $\frac{1}{2}$ ounce for 78 r.p.m. records—6 grams for 33 $\frac{1}{3}$ or 45 r.p.m. records. Needles are easily removable for replacement.
<b>SPEAKER:</b>	Speaker is large 15" auditorium-type with special aluminum voice coil for extended tonal range.
<b>LIGHTING:</b>	One 15 watt fluorescent for cabinet interior and one 20 watt fluorescent for illumination of grille and program selector panel. Lamps are easily accessible for replacement.
<b>POWER REQUIREMENTS:</b>	Normal playing operation—200 watts. Peak 280 watts. Standby wattage (all lights on)—50 watts.
<b>RECORD SPEEDS PLAYED:</b>	Conventional 78 r.p.m. Easily and quickly converted to 33 $\frac{1}{3}$ or 45 r.p.m.
<b>ACCUMULATOR:</b>	New, improved type, electrically operated. Can be quickly adjusted from conventional play to six plays for 25¢; one play, 10¢; three plays, 25¢; one play, 5¢; three plays, 10¢.
<b>COIN MECHANISM:</b>	Single coin entry accommodates nickels, dimes, and quarters. Slug rejector quickly removable, without use of any tools. Large, over-size, pull-up type cash box with separate lock.
<b>RECORD CHANGER:</b>	Basic Rock-Ola time-tested trouble-free changer. Faster, improved mechanism with fewer operating parts. Plays both sides of 25 records—offering 50 selections. Easily adapted to 33 $\frac{1}{3}$ or 45 r.p.m. by means of inexpensive conversion kits.
<b>PROGRAM SELECTOR PANEL:</b>	Five program classifications—each listing ten selections. STRAIGHT LINE SELECTION—Each push button is opposite its corresponding title strip. Dual title strip simplifies servicing by providing a single card for each record. Program panels lift out for easy title strip changes.
