ROCK-OLA Rocket 52-50

ROCK-OLA

Rocket 52-50 SPECIFICATIONS

HEIGHT 58¼" WIDTH 29¾" DEPTH 27½" WEIGHT 335 LBS. WEIGHT CRATED 407 LBS.

CONSTRUCTION:

Sturdy wood cabinet—steel door frame—lavish plastics—bright trimmed base. New sparkline lighting effects.

RECORD CHANGER:

Time-tested and proven trouble-free changer. Fewer operating parts. Floating mechanism chassis. Plays both sides of 25 records—offering 50 selections. Easily adapted to 33⅓ or 45 R.P.M. by means of inexpensive conversion kits. Dual motors for increased efficiency featuring new twin reversible turntable motor for longer life.

SOUND SYSTEM:

Super Rocket amplifier has receptacle wired for remote volume control plug-in. A 500 ohm line output for auxiliary speakers. Bass compensated volume control—individual three point treble control and three point bass control. Speaker is large 15" high-fidelity auditorium type.

TONE ARM:

Dual matched-cartridge tone arm. Car-

tridges not affected by high temperatures or humidity. Operating pressure of ½ ounce for 78 R.P.M. records—6 gram for 33⅓ or 45 R.P.M. records. Needles are easily removed for replacement.

NEW NEEDLE BRUSHES:

Unique mounting of brushes remove record dust from both needles, before and after each record is played.

POPULARITY METER:

Each of the fifty selections accurately counted each time it is played—single knob control instantly resets.

LIGHTING:

One 15 watt fluorescent for cabinet interior and three 20 watt fluorescents for illumination of grille and program panel.

POWER REQUIREMENTS:

Normal playing operation—265 watts. Peak 335 watts. Standby wattage (all lights on) 100 watts.

COIN MECHANISM:

Single coin entry accommodates nickels, dimes, and quarters. Slug rejector quickly removable, without use of any tools. Large oversize pull-out type cash box with separate lock.

ACCUMULATOR:

Electrically operated—positive action. Can easily be adjusted from conventional play to one play for 10¢, three plays for 25¢, or several other combinations as the operator chooses.

PROGRAM SELECTOR PANEL:

Five program classification—each listing ten selections. STRAIGHT LINE SELECTION—Each push button is opposite its corresponding title strip. Dual title strip simplifies servicing by providing a single card for each record. Program panels lift out for easy title strip changes.
