

**Music for the ears.
And eyes.**

tempo-disco

tempo-disco

The "disco" look, backed up by great sound and computer control.

Flashing lights pulse and throb with the music's beat, give that "feverish" disco feeling to any location.

125 watts of honest amplifier power, driving two big bass, and two mid-range, speakers.

Central computer control offers many fringe benefits: Total selections (and cash intake) since last reset. Total plays on any individual selection. Plus (for customers) a flashing display that advertises the location's biggest hit.

Plus all the Rowe standards.

- Reliable, easy-to-service, solid-state control modules.
- Full 5-year warranty on all moving parts
- Can be completely serviced from the front.
